

Treating Bodies Across the Globe

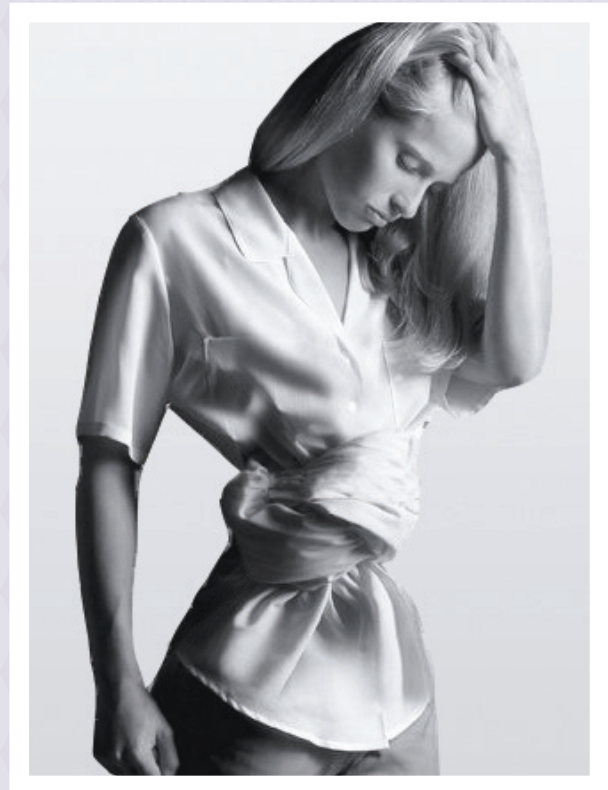

INTERNATIONAL EATING DISORDER SYMPOSIUM

May 19-20, 2010

Training provided by current clinicians and researchers in the eating disorder field.

SYMPOSIUM OBJECTIVES:

- ▶ Explore current evidence-based treatment approaches.
 - ▶ Discuss ways to modify prevention and treatment for working with diverse populations.
 - ▶ Examine ways to increase awareness and improve prevention efforts on an international scale.
- * Enrollment is limited.
- * Graduate students can register for HEDU 5800 to receive course credit.
