

Name

## **Feeding Hope Research Fund Application Budget**

| <b>Program Director/Princi</b> | pal Investigator name: Last | First |
|--------------------------------|-----------------------------|-------|
|                                |                             |       |

Complete one budget application per year of proposed project.

Role on

Project

List personnel, calculate percentage effort multiplied times salary and benefits, then add total salary and benefits for proposed project and enter in the column marked "Total." Finally, calculate the sum for the totals for all personnel:

(Total Benefits) x (% effort

on proposed project) = Total

benefits for proposed project

Χ

Total salary for project

+ Total Benefits for

**Proposed Project** 

(Total Salary ) x (% effort on

for proposed project

Χ

proposed project) = Total salary

|  |  | х | = | x | = |             |
|--|--|---|---|---|---|-------------|
